## Region's Leading Expert in Nursing Joins Leadership Team

Award-winning and recognized home care agency announces the appointment of **Mrs. Dawn (Stephens) Brittenham, RN**, as **Director of Nursing**. A highly respected and well-known nurse within the community, Mrs. Brittenham brings 34 years of clinical expertise in cardiac nursing, hospice, and home health care. Coupled with her passion for providing the highest quality care to the senior population, her experience strongly aligns with the mission and vision of Hummingbird Care Services.

A graduate of what is now **Indian River State College**, Mrs. Brittenham was one of only ten students selected to enter directly into the critical care curriculum in 1992—an achievement that speaks to her exceptional talent and dedication to the health care of our community.

**CEO Colby Bechtold** states, "We look forward to the continued growth, excellence, and compassion that her leadership will bring to our growing organization and the community we serve." Mrs. Brittenham's extensive leadership and hands-on experience uniquely position her to help Hummingbird Care Services continue to raise and set the bar for the highest standards of care, delivered with dignity and compassion.
